

⚡ sky ON DEMAND ⚡

PLANS FOR GAINING COMPLETE CONTROL (of Sky On Demand)

Hello mortals. Do exactly as I say to get hours of entertainment On Demand. First, identify your secret weapon of mass control. I really shouldn't tell you what it is. Ok it's your Sky Box.

My Sky Plus and My Sky HDI using Sky Link Box

1.

If you don't have a Sky link box already, you can order one free from your My Account. Go to sky.co.nz/myaccount and sign in, then scroll down to Sky On Demand and click Order Connectivity Devices.

2.

Make sure your Sky Box is turned off at the wall. We wouldn't want any "unfortunate accidents." The light on the box should be off.

3.

Connect your cable into the port on the back of your box.

4.

Plug the other end into the yellow cable port on the back of your Sky Link box.

5.

Plug the power cable into the port in the back of the Sky Link Device.

6.

Plug the power cable into the socket in the wall and switch the power on.

7.

Turn your My Sky Box back on at the wall.

8.

Wait 2 Minutes. Practise your evil eyebrow exercises.

9.

Press the Sky Button on your remote.

10.

Now connect the SkyLink to your home Wi-Fi network.

11.

Press the Setup button on your remote and scroll down to Internet connection.

12. Press Select, scroll down and select your home Wi-Fi Network.

13. Enter your Wi-Fi Password using the number keys on your remote control. For example mine is Gregsmells19.

14. Press Select to connect. After 30 seconds or so you should see confirmation of your connection.

15. Press the Sky button to return to Live TV.

- Very good my loyal followers.
- You can now summon
- On Demand whenever you demand it to be demanded
- On Demand. You get the picture.

Still not in control?
